

**TEMUJIN INTERNATIONAL INVESTMENTS LTD:
FORMER EXECUTIVE DIRECTOR IN POWERFUL TROUBLE**

A former Executive Director of Temujin International Investments Ltd () (Code: 204, Main Board, The Stock Exchange of Hongkong Ltd) appears to be in a powerful lot of trouble, to coin the American vernacular.

The former Executive Director is Ms Yeh Fang Ching (), who is the recipient of not less than 4 Claims, lodged in the High Court of the Hongkong Special Administrative Region (HKSAR) of the People's Republic of China (PRC), thus far this year.

Ms Yeh Fang Ching is described in the 2009 Annual Report of Temujin International Investments Ltd as being 29 years old and being a graduate of The University of Washington as well as being a Certified Public Accountant in the State of Washington, the United States of America.

In the HKSAR, she was the Financial Controller of Descartes Asset Management Ltd, which was, de facto, the Investment Manager of Temujin International Investments Ltd.

The contract with Descartes Global Asset Management Ltd, the official Investment Manager of Temujin International Investments Ltd, was terminated in the 2009-Year and United Gain Investment Ltd () replaced it as Investment Manager.

According to the database of **TOLFIN** () (The Computerised, Online Financial Intelligence Service and Web-Based, Credit-Checking Provider), Descartes Global Asset Management Ltd replaced Simplex Capital Asia Ltd (), during the 2008 Financial Year.

Therefore, its tenure of office as Investment Manager lasted, at most, one Financial Year.

On August 21, 2009, The Securities and Futures Commission obtained orders in the High Court, appointing John Robert Lees and Colum Sebastian Joseph Bancroft as Joint and Several Provisional Liquidators of Descartes Global Asset Management Ltd.

The Investment Manager of Temujin International Investments Ltd appears to have done rather poorly over the past 5 Financial Years as the following table, lifted from the database of **TOLFIN**, by permission, makes only too obvious:
