

When one does business with third parties, be they people or corporate entities, it is always a good idea to ascertain the financial strength of prospective business partners -- or the lack of financial strength, of course -- and so TARGET has decided that the time has come to 'feed' information, with regard to litigants in the High Court and, to subscribers on a monthly basis.

This is another of TARGET's free monthly services, which will complement all the other 'goodies' which TARGET doles out to subscribers.

The following is a TOLFIN compilation (TOLFIN is TARGET's On-Line, Computerised Financial Service -- www.tolfin.com) of those parties, in the Hongkong Special Administrative Region (HKSAR) of the People's Republic of China (PRC), which have scored a place of 'honour' in the High Court and, being the most frequent visitors there for the month, as Defendants.
